

## Sign the 'Pledge for America's Revival'!

Join with other patriotic, God-fearing Americans in taking back our country from the socialist Obama administration!

The *Pledge* imposes no obligation to support a particular candidate, political party, or organization. *It's simply a common-sense commitment to return America to its founding principles, through reliance on God – much like the pledge the signers of the Declaration of Independence made to each other.*

**Read and sign the Pledge at**
